****

O R D E R:

The Vice Chairman and Managing Director, APIIC vide proposal 4th read above has stated that as per the orders issued in G.O. 1st read above, the APIIC has been developing a Model Industrial Park (MIP) over an extent of 1165.73 acres in Mallavalli Village of Krishna district which comprises of industrial plots along with open space /green belt, utilities, roads and commercial area. Engineering / Manufacturing, Chemicals and Allied Chemicals, Herbal medicines, biopharmaceuticals and Micro, Small and Medium Enterprise (MSME) Cluster and logistics and Warehousing zone are also part of the industrial park. Adjoining, it is a Mega Food Park spread over an extent of 57.45 acres is also being developed and also Government in the said GO had allowed APIIC to tap water from existing Nuzvid Water Supply Scheme with certain conditions. The same was agreed by the Nuzvid Municipality for supply of 7 MLD water subject to certain conditions vide letter 2nd read above.

2. The APIIC has further stated that now the Nuzvid Municipality has expressed its inability to provide water for industrial use and requested the Government for allocation of at least 7 MLD water for industrial usage of Model Industrial Park, Mallavalli from the nearest reservoir / Project (Jakkampudi scheme tapping at Gollapudi via Polavaram Canal Bund) for the reasons stated in the letter 4th read above.

3. The Engineer-in-Chief (I), Water Resources Dept., in his letters 6th read above, based on the report furnished by the Chief Engineer, Krishna Delta System, Vijayawada, Water Resources Dept., has recommended the proposal to Government to accord permission to M/s APIIC for drawl of 0.090 TMC per annum or 7 MLD of surplus water during the flood time from Krishna River for developing a Model Industrial Park at Mallavalli (V) in Krishna District, for a period of 5 years, subject to the following terms and conditions:

1. The concurrence of the District Collector, Krishna for the proposals has to be obtained before drawing the water and taken up the work.
2. The water can be spared subject to the availability of water in Krishna river.
3. The entire cost of construction of intake well, pump house, pipelines excavation etc., should be borne by the APIIC authorities only.
4. Water meters or suitable measuring devices should be installed by the APIIC authorities at their own cost to measure the water consumed and should be made available to the department authorities and the representatives of the user shall be present at all time of inspection. The water meter shall be periodically calibrated and kept sealed. The period of calibration will be specified by the department.
5. The APIIC authorities should pay the water rate at the existing rates and subject to revision by the Government from time to time. In case of failure to pay water rate /royalty the permissions to draw water shall stands cancelled.
6. The APIIC authorities shall obtain the prior concurrence from concerned departments for laying pipelines and for crossing etc., wherever necessary.
7. No field bodhi or pipe line shall be taken through or along with Government land without approval of Government and if permission accorded by the Government the lease should be paid as fixed by Government only.
8. The APIIC authorities should make their own arrangements to dispose the treated effluents as per norms of AP Pollution Control Board in their premises only and should obtain prior permission if any needed from Government to dispose treated effluents in their natural sources. Necessary clearance from the AP Pollution Control Board is to be obtained in this regard by the APIIC authorities before drawl of water from the source.
9. The Water Resources Department reserves the right for cancellation of the permission without assigning any reasons thereof.
10. The Water Resources Department is no way responsible for non-supply of water due to any reasons.
11. The APIIC authorities must acquire the private land for installation of pumping arrangements. If the APIIC authorities proposes to utilize Government land for installation of pump house, necessary permission is to be obtained from the Government for leasing the land and the lease amount fixed is to be paid by the APIIC authorities.
12. The APIIC authorities must strengthen the river margin 100m, from the toe of the river flood bank.
13. The APIIC authorities has to lay CC (1:4:8) before laying the pipe line and CC(1:2:4) over the pipe line refill the pipeline with proper soils and consolidate the banks as directed by the department.
14. The APIIC authorities have to construct CC walls to avoid leakage at pipeline crossing.
15. The water drawn from the Krishna River should be utilized for the purpose for which the permission is granted. Any misuse on this account shall entitle cancellation of the permission without any notice and liable for imposition of penalty.
16. The APIIC authorities should follow the revenue board standing orders.
17. The APIIC authorities shall pay security deposit at 2.5% on 10 years water charges for which permission is granted.
18. The APIIC authorities shall pay one year water charges as advance and any amount due to the department before entering into agreement.
19. The APIIC authorities has to conclude agreement with the officers concerned of Water Resources Department.
20. The APIIC authorities shall abide by RC.Act-1884 and any other condition laid down by the Government Department from time to time.
21. The APIIC authorities should make their own arrangements for summer storage in their premises only.
22. The APIIC authorities have to conclude agreements for summer storage in their premises.
23. The APIIC authorities shall abide by any other conditions laid down by the Government /Department from time to time.
24. The APIIC authorities has to pay the water charges for the estimated quantity in advance as the start of the financial year i.e., before 10th April every year as per BSO.
25. Under any circumstances, the consumptive utilization should not exceed the quantum of water allotted by the Government.
26. The proposed drawl should not affect lower riparian (LLR) and upper riparian rights (URR) in any manner.

27. The Department is no way responsible for any damages that may occur to the off take point due to floods in Krishna river or on an account of any other reasons.
28. The permission does not confer any riparian right to the APIIC authorities.
29. Non-adherence to any of the above conditions by the APIIC authorities will entail cancellation.
30. The APIIC authorities have to produce the relevant records for department verification at the end of each quarter periodically.

4. After careful examination of the matter, Government hereby accord permission to M/s APIIC for drawl of 0.090 TMC per annum or 7 MLD of surplus water during the flood time from Krishna River above Prakasam Barrage at Km. 3.200 (i.e. Gollapudi village limits) subject to the terms and conditions as mentioned **at para (3) above** and subject to payment of water royalty charges @ Rs. 5.50/- per 1000 gallons for consumptive use as per Government Memo No. 2772/Reforms/A2/2015-1, dated: 30-09-2015. The water royalty charges are likely to be revised by the Government from time to time and the industry shall pay the revised rates as fixed by the Government from time to time.

5. The Engineer-in-Chief (Irrigation), Water Resources Department, Vijayawada, Chief Engineer , Krishna Delta System, Vijayawada and the Collector & District Magistrate of Krishna District shall take necessary action accordingly.
